Forward-Looking Statements

From time to time, the Bank makes written and oral forward-looking statements, such as those contained in the “Economic Review and Outlook” section of the Bank’s annual report for the year ended October 31, 2019 (the “2019 Annual Report”), in other filings with Canadian securities regulators, and in other communications. All such statements are made in accordance with applicable securities legislation in Canada and the United States. They may include, but are not limited to, statements with respect to the economy—particularly the Canadian and U.S. economies—market changes, the Bank’s objectives, outlook and priorities for fiscal year 2020 and beyond, its strategies for achieving them, expectations for the Bank’s financial condition, the regulatory environment in which it operates, the potential impacts of—and the Bank’s response to—the COVID-19 pandemic, and certain risks faced by the Bank. These forward-looking statements are typically identified by future or conditional verbs or words such as “outlook,” “believe,” “foresee,” “forecast,” “anticipate,” “estimate,” “project,” “expect,” “intend,” “plan,” and similar terms and expressions.

By their very nature, such forward-looking statements require assumptions to be made and involve inherent risks and uncertainties, both general and specific. Assumptions about the performance of the Canadian and U.S. economies in 2020, including in the context of the COVID-19 pandemic, and how that will affect the Bank’s business are among the main factors considered in setting the Bank’s strategic priorities and objectives and in determining its financial targets, including provisions for credit losses. In determining its expectations for economic conditions, both broadly and in the financial services sector in particular, the Bank primarily considers historical economic data provided by the governments of Canada, the United States and certain other countries in which the Bank conducts its business, as well as their agencies.

There is a strong possibility that the express or implied predictions, forecasts, projections, expectations or conclusions contained in these forward-looking statements will not prove accurate, that the Bank’s assumptions may not be correct and that its financial performance objectives, vision and strategic goals will not be achieved. The Bank recommends that readers not place undue reliance on these statements, as a number of factors, many of which are beyond the Bank’s control, including the impacts of the COVID-19 pandemic, could cause actual results to differ significantly from the expectations, estimates or intentions expressed in the forward-looking statements. These factors include credit risk, market risk, liquidity and funding risk, operational risk, regulatory compliance risk, reputation risk, strategic risk and

environmental risk, all of which are described in more detail in the “Risk Management” section of the 2019 Annual Report, and more specifically, general economic environment and financial market conditions in Canada, the United States and certain other countries in which the Bank conducts business; regulatory changes affecting the Bank’s business; geopolitical uncertainty; important changes in consumer behaviour; Canadian housing and household indebtedness; changes to the Bank’s customers’ and counterparties’ performance and creditworthiness; changes in the accounting policies the Bank uses to report its financial condition, including uncertainties associated with assumptions and critical accounting estimates; tax laws in the countries in which the Bank operates, primarily Canada and the United States (including the *U.S. Foreign Account Tax Compliance Act* (FATCA)); changes to capital and liquidity guidelines and to the manner in which they are to be presented and interpreted; changes to the credit ratings assigned to the Bank; potential disruption to key suppliers of goods and services to the Bank; potential disruptions to the Bank’s information technology systems, including evolving cyberattack risk; and possible impacts of catastrophic events affecting local and global economies, including natural disasters and public health emergencies such as the COVID-19 pandemic.

Statements about the expected impacts of the COVID-19 pandemic on the Bank’s business, results of operation, corporate reputation, financial position and liquidity, and on the global economy may be inaccurate and differ, possibly materially, from what is currently expected as they depend on future developments that are highly uncertain and cannot be predicted.

The foregoing list of risk factors is not exhaustive. Additional information about these factors can be found in the “Risk Management” section of the 2019 Annual Report and in the COVID-19 pandemic section of the Bank’s report to shareholders for the second quarter 2020 (the “Q2 Report”). Investors and others who rely on the Bank’s forward-looking statements should carefully consider the above factors as well as the uncertainties they represent and the risk they entail. Except as required by law, the Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time, by it or on its behalf.

The forward-looking information contained in this document is presented for the purpose of interpreting the information contained herein and may not be appropriate for other purposes.

Description of the Debt Securities

Debt Securities

The following is a general description of the Debt Securities. The particulars of any series of Debt Securities offered and the extent to which the general terms described below may apply to such Debt Securities will be described in one or more Prospectus Supplements. Since the terms of a series of Debt Securities may differ from the general information provided in this Prospectus, in all cases you should rely on the information in the Prospectus Supplement where it differs from information in this Prospectus.

Senior Debt Securities will be the Bank’s direct unsubordinated obligations that rank equally and rateably with all of the Bank’s unsecured and unsubordinated debt, including deposit liabilities, other than certain governmental claims in accordance with applicable law.

Subordinated Debt Securities will be the Bank’s direct unsecured obligations, constituting subordinated indebtedness for the purposes of the Bank Act, ranking equally and rateably with, or junior to, all of the Bank’s other subordinated indebtedness from time to time outstanding (other than subordinated indebtedness which has been further subordinated in accordance with its terms). Pursuant to the Canada Deposit Insurance Corporation Act, in circumstances where the

Superintendent has determined that the Bank has ceased, or is about to cease, to be viable, the Governor in Council may, upon a recommendation of the Minister of Finance that he or she is of the opinion that it is in the public interest to do so, grant an order directing the Canada Deposit Insurance Corporation to convert all or a portion of certain shares and liabilities of the Bank into common shares of the Bank (a “Bail-In Conversion”). In the event of the Bank’s insolvency or winding-up, the Bank’s subordinated indebtedness, including any Subordinated Debt Securities issued hereunder (provided a trigger event has not occurred as contemplated under the specific Non-Viable Capital Contingency Provisions as may be applicable to the Subordinated Debt Securities), will be subordinate in right of payment to the prior payment in full of the Bank’s deposit liabilities and all of the Bank’s other liabilities, including Senior Debt Securities which have not been subject to a Bail-In Conversion, except those which by their terms rank equally in right of payment with, or are subordinate to, such subordinated indebtedness.

Subject to regulatory capital requirements applicable to the Bank, there is no limit on the amount of Senior Debt Securities or Subordinated Debt Securities the Bank may issue.

If the Bank becomes insolvent, the Bank Act provides that priorities among payments of the Bank’s deposit liabilities and payments of all of the Bank’s other liabilities, including payments in respect of Senior Debt Securities and Subordinated Debt Securities (provided a Bail-In Conversion has not occurred in connection therewith and in the case of Subordinated Debt Securities that are subject to Non-Viable Capital Contingency Provisions, a trigger event has not occurred as contemplated under the specific Non-Viable Capital Contingency Provisions), are to be determined in accordance with the laws governing priorities and, where applicable, by the terms of the indebtedness and liabilities. Because the Bank has subsidiaries, the Bank’s right to participate in any distribution of the assets of the Bank’s subsidiaries, upon a subsidiary’s dissolution, winding-up liquidation or reorganization or otherwise, and thus your ability to benefit indirectly from such distribution, is subject to the prior claims of creditors of that subsidiary, except to the extent that the Bank may be a creditor of that subsidiary and the Bank’s claims are recognized. There are legal limitations on the extent to which some of the Bank’s subsidiaries may extend credit, pay dividends or otherwise supply funds to, or engage in transactions with, the Bank or some of the Bank’s other subsidiaries.

Neither the Bank’s Senior Debt Securities nor the Subordinated Debt Securities will constitute deposits that are insured under the *Canada Deposit Insurance Corporation Act*.

The specific terms of Debt Securities that the Bank may issue under this Prospectus will be described in one or more Prospectus Supplements and may include, where applicable: the specific designation, aggregate principal amount, the currency or the currency unit for which such securities may be purchased, maturity, interest provisions, authorized denominations, offering price, any terms for redemption at the Bank’s option or the holder’s option, any exchange or conversion terms and any other specific terms, including any Bail-In Conversion applicable to Debt Securities and Non-Viable Contingency Capital Provisions applicable to Subordinated Debt Securities.

Debt Securities may be issued up to the aggregate principal amount which may be authorized from time to time by the Bank. The Bank may issue Debt Securities under one or more indentures (each a “Trust Indenture”), in each case between the Bank and a trustee (a “Trustee”) determined by the Bank in accordance with applicable laws, or pursuant to an issue and paying agency agreement (between the Bank and an agent, which agent may be an affiliate of or otherwise non-arm’s length to the Bank). Any series of Debt Securities may also be created and issued without a Trust Indenture or an issue and paying agency agreement. The Bank may also appoint a calculation agent in connection with any Debt Securities issued under this Prospectus, which agent may be an affiliate of or otherwise non-arm’s length to the Bank. Reference is made to the applicable Prospectus Supplement which accompanies this Prospectus for the terms and other information with respect to the Debt Securities being offered thereby, including: (i) the designation, aggregate principal amount and authorized denominations of the Debt Securities; (ii) the currency for which the Debt Securities may be purchased and the currency in which the principal and any interest is payable (in either case, if other than Canadian dollars); (iii) the percentage of the principal amount at which the Debt Securities will be issued; (iv) the date or dates on which the Debt Securities will mature; (v) the rate or rates (if any); (vi) the dates on which such interest will be payable and the record dates for such payments; (vii) the Trustee under the Trust Indenture pursuant to which the Debt Securities are to be issued; (viii) any extension or redemption term or terms under which such Debt Securities may be defeased; (ix) whether the Debt Securities are to be issued in registered form, “book-entry only” form, bearer form or in the form of temporary or permanent global securities and the basis of exchange, transfer and ownership thereof; (x) any exchange or conversion terms (including terms relating to the conversion of the Debt Securities into Common Shares, any Bail-In Conversion applicable to Debt Securities and any Non-Viable Contingency Capital Provisions applicable to

Subordinated Debt Securities); (xi) the ratings, if any, issued by rating agencies in respect of the Debt Securities; (xii) in the case of Subordinated Debt Securities, the level of subordination; and (xiii) any other specific terms.

Unless otherwise specified in the Prospectus Supplement which accompanies this Prospectus, principal, premium (if any) and interest payable on Debt Securities are to be payable at any branch in Canada of the Bank provided that such payments may also be made at the option of the Bank by electronic or wire transfer or, by cheque mailed, delivered or otherwise transferred to the persons in whose names the Debt Securities are registered.

Debt Securities may, at the option of the Bank, be issued in fully registered form, in bearer form or in “book-entry only” form. See “Book-Entry Only Securities” below. Debt Securities in registered form will be exchangeable for other Debt Securities of the same series and tenor, registered in the same name, for the same aggregate principal amount in authorized denominations and will be transferable at any time or from time to time at the corporate trust office of the Trustee for the Debt Securities. No charge will be made to the holder for any such exchange or transfer except for any tax or government charge incidental thereto.

Description of First Preferred Shares

The following describes certain general terms and provisions of the First Preferred Shares. The particular terms and provisions of a series of First Preferred Shares offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

The following is a summary of the rights, privileges, restrictions and conditions of or attaching to the First Preferred Shares of the Bank as a class.

Issuable in Series

The authorized preferred share capital of the Bank includes an unlimited number of First Preferred Shares, without par value, issuable for a maximum aggregate consideration of \$5 billion or the equivalent thereof in foreign currencies. The First Preferred Shares may be issued, from time to time, in one or more series with such series designation, rights, privileges, restrictions and conditions as the Board of Directors may determine by resolution.

Priority

The First Preferred Shares of each series will rank on a parity with First Preferred Shares of every other series and are entitled to preference over the Second Preferred Shares, the Common Shares and any other shares of the Bank ranking junior to the First Preferred Shares with respect to the payment of dividends and upon any distribution of assets in the event of liquidation, dissolution or winding-up of the Bank, provided a trigger event has not occurred as contemplated under the specific Non-Viable Capital Contingency Provisions applicable to such First Preferred Shares.

Creation and Issue of Shares

Pursuant to the Bank Act, the Bank may not, without the approval of the holders of the First Preferred Shares, create any other class of shares ranking equal with or superior to the First Preferred Shares. In addition, the Bank may not, without the prior approval of the holders of the First Preferred Shares as a class given as specified below under “Approval of the Holders of the First Preferred Shares” (in addition to such approvals as may be required by the Bank Act or any other legal requirement), (i) create or issue any shares ranking in priority to or *pari passu* with the First Preferred Shares; or (ii) create or issue any additional series of First Preferred Shares, unless at the date of such creation or issuance all cumulative dividends up to and including the dividend payment for the last completed period for which such cumulative dividends are payable, have been declared and paid or set aside for payment in respect of each series of cumulative First Preferred Shares then issued and outstanding, and all declared and unpaid non-cumulative dividends have been paid or set aside for payment in respect of each series of non-cumulative First Preferred Shares then issued and outstanding. Currently, there are no outstanding First Preferred Shares which carry the right to cumulative dividends.

Voting Rights

The holders of the First Preferred Shares are not entitled to any voting rights as a class except as provided below or by law or in the rights, privileges, restrictions and conditions attaching to any series of First Preferred Shares, and except with respect to the right to vote on certain matters as specified under “Approval of the Holders of the First Preferred Shares”.

Approval of the Holders of the First Preferred Shares

The approval of all amendments to the provisions attaching to the First Preferred Shares as a class and any other approval to be given by the holders of the First Preferred Shares may be given in writing by the holders of not less than all of the outstanding First Preferred Shares or by a resolution passed by the affirmative vote of not less than 66 2/3% of the votes cast at a meeting of holders of First Preferred Shares duly held for the purpose of considering the subject matter of such resolution at which a quorum of the outstanding First Preferred Shares is represented in person or by proxy. A quorum at any meeting of holders of First Preferred Shares is a majority of the outstanding First Preferred Shares, except at an adjourned meeting for which there is no quorum requirement.

Description of Common Shares

The authorized common share capital of the Bank consists of an unlimited number of Common Shares without nominal or par value, of which 335,685,616 were outstanding as at August 14, 2020. The holders of Common Shares are entitled to vote at all meetings of the shareholders of the Bank except meetings at which only holders of a specified class or series of shares are entitled to vote. The holders of Common Shares are entitled to receive dividends as and when declared by the Board of Directors of the Bank, subject to the preference of the holders of the preferred shares (including the First Preferred Shares) of the Bank. After payment to the holders of the preferred shares of the Bank of the amount or amounts to which they may be entitled, and after payment of all outstanding debts, the holders of Common Shares shall be entitled to receive the remaining property of the Bank upon the liquidation, dissolution or winding-up thereof.

Description of Subscription Receipts

The following sets forth certain general terms and provisions of the Subscription Receipts. The Bank may issue Subscription Receipts that may be exchanged by the holders thereof for Debt Securities, First Preferred Shares or Common Shares upon the satisfaction of certain conditions. The particular terms and provisions of the Subscription Receipts offered pursuant to this Prospectus will be set forth in the applicable Prospectus Supplement, and the extent to which the general terms described below apply to those Subscription Receipts, will be described in the Prospectus Supplement. The Bank may offer Subscription Receipts separately or together with Debt Securities, First Preferred Shares or Common Shares, as the case may be. The Bank will issue Subscription Receipts under a subscription receipt agreement.

Selected provisions of the Subscription Receipts and the subscription receipt agreements are summarized below. This summary is not complete. The statements made in this Prospectus relating to any subscription receipt agreement and Subscription Receipts to be issued thereunder are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable subscription receipt agreement.

Any Prospectus Supplement for Subscription Receipts supplementing this Prospectus will contain the terms and conditions and other information with respect to the Subscription Receipts being offered thereby, including: the number of Subscription Receipts, the price at which the Subscription Receipts will be offered and whether the price is payable in instalments, any conditions to the exchange of Subscription Receipts into Debt Securities, First Preferred Shares or Common Shares, as the case may be, and the consequences of such conditions not being satisfied, the procedures for the exchange of the Subscription Receipts into Debt Securities, First Preferred Shares or Common Shares, as the case may be, the number of Debt Securities, First Preferred Shares or Common Shares, as the case may be, that may be exchanged upon exercise of each Subscription Receipt, the designation and terms of any other Securities with which the Subscription Receipts will be offered, if any, and the number of Subscription Receipts that will be offered with each Security, the dates or periods during which the Subscription Receipts may be exchanged into Debt Securities, First Preferred Shares or Common Shares, whether such Subscription Receipts will be listed on any securities exchange, any other rights, privileges, restrictions and conditions attaching to the Subscription Receipts, and any other specific terms.

Subscription receipt certificates will be exchangeable for new subscription receipt certificates of different denominations at the office indicated in the applicable Prospectus Supplement. Prior to the exchange of their Subscription Receipts, holders of Subscription Receipts will not have any of the rights of holders of the securities subject to the Subscription Receipts.

Book-Entry Only Securities

Securities issued in “book-entry only” form must be purchased, transferred or redeemed through participants (“CDS Participants”) in the depository service of CDS Clearing and Depository Services Inc. or a successor or its nominee (collectively, “CDS”), as described below. Each of the Investment Dealers named in an accompanying Prospectus Supplement offering securities in “book-entry only” form will be a CDS Participant. On the closing of a book-entry only offering, the Bank will cause a global certificate, certificates or an uncertificated position representing the aggregate number of Securities subscribed for under such offering to be delivered to, and registered in the name of, CDS. Except as described below, no purchaser of Securities will be entitled to a certificate or other instrument from the Bank or CDS evidencing that purchaser’s ownership thereof, and no purchaser will be shown on the records maintained by CDS except through a book-entry account of a CDS Participant acting on behalf of such purchaser. Each purchaser of Securities will receive a customer confirmation of purchase from the Investment Dealer from which the Securities are purchased in accordance with the practices and procedures of that Investment Dealer. The practices of Investment Dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. Reference in this Prospectus to a holder of Securities means, unless the context otherwise requires, the owner of the beneficial interest in the Securities.

CDS will be responsible for establishing and maintaining book-entry accounts for CDS Participants having interests in the Securities. If (i) the book-entry only system ceases to exist, (ii) the Bank determines that CDS is no longer willing or able to discharge properly its responsibilities as depository with respect to the Securities and the Bank is unable to locate a qualified successor, (iii) the Bank at its option elects, or is required by applicable law or the rules of any securities exchange, to withdraw the Securities from the book-entry only system, (iv) if an event of default has occurred with regard to the Securities and has not been cured or waived, or (v) as otherwise agreed by the Bank and CDS, then the Securities will be issued in fully registered form to holders or their nominees.

Transfer, Conversion and Redemption of Securities

Transfers of ownership, conversions or redemptions of Securities will be effected only through records maintained by CDS for such Securities with respect to interests of CDS Participants and on the records of CDS Participants with respect to interests of persons other than CDS Participants. Holders of Securities who are not CDS Participants, but who desire to purchase, sell or otherwise transfer ownership of or other interests in the Securities, may do so only through CDS Participants. The ability of a holder to pledge Securities or otherwise take action with respect to such holder’s interest in Securities (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

Payments and Deliveries

The Bank will make, or cause to be made, payments of principal, redemption price, if any, dividends and interest, as applicable, on Securities to CDS as the registered holder of the Securities and the Bank understands that the payment will be forwarded by CDS to CDS Participants in accordance with the customary practices and procedures of CDS. As long as CDS is the registered owner of the Securities, CDS will be considered the sole owner of the Securities for the purposes of receiving notices or payments on the Securities. As long as the Securities are held in the CDS book-entry only system, the responsibility and liability of the Bank in respect of the Securities is limited to making payments of principal, redemption price, if any, dividends and interest, as applicable, on the Securities to CDS, as registered holder of the Securities. The Bank expects that CDS, upon receipt of any payment in respect of Securities, will credit CDS Participants’ accounts in amounts proportionate to their respective interests in the principal amount of such Securities as shown on the records of CDS in accordance with the customary practices and procedures of CDS. The Bank also expects that payments by CDS Participants to the owners of beneficial interests in Securities held through such CDS Participants will be governed by standing instructions and customary practices, and will be the responsibility of such CDS Participants. The rules governing CDS provide that it acts as the agent and depository for the CDS Participants. As a result, CDS Participants must look solely to CDS, and persons other than CDS Participants having an interest in

Securities must look solely to CDS Participants, for payments or deliveries made by or on behalf of the Bank to CDS in respect of such Securities.

Each beneficial owner must rely on the procedures of CDS and, if such beneficial owner is not a CDS Participant, on the procedures of the CDS Participant through which such beneficial owner owns its interest, to exercise any rights with respect to the Securities. The Bank understands that under existing policies of CDS and industry practices, if the Bank requests any action of a beneficial owner or if a beneficial owner desires to give any notice or take any action which a registered holder is entitled to give or take with respect to the Securities, CDS would authorize the CDS Participant acting on behalf of the beneficial owner to give such notice or to take such action, in accordance with the procedures established by CDS or agreed to from time to time by the Bank, any Trustee and CDS. Any beneficial owner that is not a CDS Participant must rely on the contractual arrangement it has directly, or indirectly through its financial intermediary, with its CDS Participant to give such notice or take such action.

None of the Bank, the Investment Dealers or any Trustee (in the case of Debt Securities) will assume liability or responsibility for (i) any aspect of the records relating to the beneficial ownership of the Securities held by CDS or the payments or deliveries relating thereto, (ii) maintaining, supervising or reviewing any records relating to the Securities, or (iii) any advice or representation made by or with respect to CDS relating to the rules governing CDS or any action to be taken by CDS or at the direction of CDS Participants.

Bank Act Restrictions and Restrictions on Payment of Dividends

Under the Bank Act, the Bank, with the prior consent of the Superintendent, may redeem or purchase any of its shares, including the First Preferred Shares, unless there are reasonable grounds for believing that the Bank is, or the redemption or purchase would cause the Bank to be, in contravention of any regulation made under the Bank Act respecting the maintenance by banks of adequate capital and adequate and appropriate forms of liquidity, or any direction to the Bank made by the Superintendent pursuant to Subsection 485(3) of the Bank Act regarding its capital or its liquidity. No such direction to the Bank has been made to date.

The Bank is prohibited under the Bank Act from paying or declaring a dividend if there are reasonable grounds for believing that the Bank is, or the payment would cause the Bank to be, in contravention of any regulation made under the Bank Act respecting the maintenance by banks of adequate capital and adequate and appropriate forms of liquidity, or any directive to the Bank made by the Superintendent pursuant to Subsection 485(3) of the Bank Act regarding its capital or its liquidity. As at the date hereof, this limitation would not restrict a payment of quarterly dividends on the First Preferred Shares. Further, no such directive to the Bank has been made to date.

Restraints on Bank Shares under the Bank Act

The Bank Act contains restrictions on the issue, transfer, acquisition, beneficial ownership and voting of all shares of a chartered bank. The following is a summary of such restrictions. No person shall be a major shareholder of a bank if the bank has equity of \$12 billion or more. While the equity of the Bank is less than \$12 billion and the Bank Act would otherwise permit a person to own up to 65% of any class of shares of the Bank, the Bank is deemed to be a bank to which the ownership restrictions for banks with equity of \$12 billion or more apply until the Minister of Finance (Canada) specifies, on application by the Bank, that these restrictions no longer apply to the Bank.

A person is a major shareholder of a bank where: (i) the aggregate of shares of any class of voting shares beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person is more than 20% of that class of voting shares; or (ii) the aggregate of shares of any class of non-voting shares beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person is more than 30% of that class of non-voting shares. No person, or persons acting jointly or in concert, may have a significant interest in any class of shares of a Canadian chartered bank, including the Bank, unless the person first receives the approval of the Minister of Finance (Canada). For purposes of the Bank Act, a person has a significant interest in a class of shares of a bank where the aggregate of any shares of the class beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person exceeds 10% of all of the outstanding shares of that class of shares of such bank.

The Bank Act also prohibits the registration of a transfer or issue of any shares of the Bank to Her Majesty in right of Canada or of a province or any agent or agency of Her Majesty in either of those rights, or to the government of a foreign country or any political subdivision, agent or agency of any of them except for certain cases that require the Minister of Finance's consent.

Purchasers' Statutory Rights

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces and territories, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory.
